

## Numbers Everywhere

| #  |  |  |  | EXAMPLE                                        |
|----|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|------------------------------------------------|
| 1  | <b>number</b> <i>noun</i>                                                         | son, raqam                                                                        | число, номер                                                                      | What is your phone <b>number</b> ?             |
| 2  | <b>everywhere</b> <i>adverb</i>                                                   | hamma joyda                                                                       | езде                                                                              | There are flowers <b>everywhere</b> in spring. |
| 3  | <b>life</b> <i>noun</i>                                                           | hayot                                                                             | жизнь                                                                             | Music is important in my <b>life</b> .         |
| 4  | <b>teacher</b> <i>noun</i>                                                        | o'qituvchi                                                                        | учитель                                                                           | The <b>teacher</b> writes on the board.        |
| 5  | <b>question</b> <i>noun</i>                                                       | savol                                                                             | вопрос                                                                            | That is a good <b>question</b> .               |
| 6  | <b>old</b> <i>adjective</i>                                                       | yoshli (necha yoshda)                                                             | лет (о возрасте)                                                                  | How <b>old</b> are you?                        |
| 7  | <b>answer</b> <i>verb</i>                                                         | javob bermoq                                                                      | отвечать                                                                          | Can you <b>answer</b> my question?             |
| 8  | <b>phone</b> <i>noun</i>                                                          | telefon                                                                           | телефон                                                                           | My <b>phone</b> is new.                        |
| 9  | <b>slowly</b> <i>adverb</i>                                                       | sekin, asta                                                                       | медленно                                                                          | Please speak <b>slowly</b> .                   |
| 10 | <b>house</b> <i>noun</i>                                                          | uy                                                                                | дом                                                                               | Our <b>house</b> has a big garden.             |
| 11 | <b>address</b> <i>noun</i>                                                        | manzil                                                                            | адрес                                                                             | What is your home <b>address</b> ?             |
| 12 | <b>street</b> <i>noun</i>                                                         | ko'cha                                                                            | улица                                                                             | I live on Amir Temur <b>Street</b> .           |
| 13 | <b>people</b> <i>noun</i>                                                         | odamlar                                                                           | люди                                                                              | There are five <b>people</b> in my family.     |
| 14 | <b>family</b> <i>noun</i>                                                         | oila                                                                              | семья                                                                             | My <b>family</b> lives in Bukhara.             |
| 15 | <b>coffee</b> <i>noun</i>                                                         | qahva                                                                             | кофе                                                                              | My father drinks <b>coffee</b> every morning.  |
| 16 | <b>learn</b> <i>verb</i>                                                          | o'rganmoq                                                                         | учиться                                                                           | I <b>learn</b> five new words every day.       |
| 17 | <b>help</b> <i>verb</i>                                                           | yordam bermoq                                                                     | помогать                                                                          | My friends <b>help</b> me with homework.       |
| 18 | <b>way</b> <i>noun</i>                                                            | yo'l, usul                                                                        | способ                                                                            | Walking is a good <b>way</b> to relax.         |
| 19 | <b>use</b> <i>verb</i>                                                            | foydalanmoq, ishlatmoq                                                            | использовать                                                                      | I <b>use</b> my laptop for study.              |
| 20 | <b>age</b> <i>noun</i>                                                            | yosh                                                                              | возраст                                                                           | What is your <b>age</b> ?                      |
| 21 | <b>price</b> <i>noun</i>                                                          | narx                                                                              | цена                                                                              | The <b>price</b> of this bag is fifty dollars. |
| 22 | <b>thing</b> <i>noun</i>                                                          | narsa                                                                             | вещь                                                                              | What is that <b>thing</b> on the table?        |
| 23 | <b>without</b> <i>preposition</i>                                                 | -siz                                                                              | без                                                                               | I can't live <b>without</b> my phone.          |
| 24 | <b>difficult</b> <i>adjective</i>                                                 | qiyin                                                                             | трудный                                                                           | This exercise is <b>difficult</b> .            |
| 25 | <b>lesson</b> <i>noun</i>                                                         | dars                                                                              | урок                                                                              | The <b>lesson</b> is very interesting.         |
| 26 | <b>give</b> <i>verb</i>                                                           | bermoq                                                                            | давать                                                                            | Please <b>give</b> me the salt.                |
| 27 | <b>fun</b> <i>adjective</i>                                                       | qiziqarli, zavqli                                                                 | весёлый                                                                           | Swimming is <b>fun</b> .                       |
| 28 | <b>task</b> <i>noun</i>                                                           | topshiriq, vazifa                                                                 | задание                                                                           | Your <b>task</b> is to write five sentences.   |
| 29 | <b>partner</b> <i>noun</i>                                                        | hamkor, juftlik                                                                   | партнёр                                                                           | Work with your <b>partner</b> , please.        |
| 30 | <b>useful</b> <i>adjective</i>                                                    | foydali                                                                           | полезный                                                                          | A dictionary is very <b>useful</b> .           |
