

## My Weekend

| #  |  |  |  | EXAMPLE                                        |
|----|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|------------------------------------------------|
| 1  | <b>morning</b> <i>noun</i>                                                        | ertalab                                                                           | утро                                                                              | I have English class in the <b>morning</b> .   |
| 2  | <b>teacher</b> <i>noun</i>                                                        | o'qituvchi                                                                        | учитель                                                                           | Our <b>teacher</b> is from London.             |
| 3  | <b>weekend</b> <i>noun</i>                                                        | dam olish kunlari                                                                 | выходные                                                                          | I sleep late at the <b>weekend</b> .           |
| 4  | <b>weather</b> <i>noun</i>                                                        | ob-havo                                                                           | погода                                                                            | The <b>weather</b> is cold today.              |
| 5  | <b>hot</b> <i>adjective</i>                                                       | issiq                                                                             | жаркий                                                                            | It is very <b>hot</b> in July.                 |
| 6  | <b>sunny</b> <i>adjective</i>                                                     | quyoshli                                                                          | солнечный                                                                         | Tomorrow will be <b>sunny</b> .                |
| 7  | <b>park</b> <i>noun</i>                                                           | bog', park                                                                        | парк                                                                              | Let's go to the <b>park</b> !                  |
| 8  | <b>friend</b> <i>noun</i>                                                         | do'st                                                                             | друг                                                                              | My best <b>friend</b> is very funny.           |
| 9  | <b>crowded</b> <i>adjective</i>                                                   | gavjum, odam ko'p                                                                 | переполненный                                                                     | The bus is very <b>crowded</b> in the morning. |
| 10 | <b>quiet</b> <i>adjective</i>                                                     | tinch, sokin                                                                      | тихий                                                                             | Please be <b>quiet</b> in the library.         |
| 11 | <b>spot</b> <i>noun</i>                                                           | joy                                                                               | место                                                                             | This is a nice <b>spot</b> for a picnic.       |
| 12 | <b>lake</b> <i>noun</i>                                                           | ko'l                                                                              | озеро                                                                             | There are ducks on the <b>lake</b> .           |
| 13 | <b>busy</b> <i>adjective</i>                                                      | band                                                                              | занятой                                                                           | The shop is <b>busy</b> on Saturdays.          |
| 14 | <b>flat</b> <i>noun</i>                                                           | kvartira                                                                          | квартира                                                                          | Their <b>flat</b> is very small.               |
| 15 | <b>boring</b> <i>adjective</i>                                                    | zerikarli                                                                         | скучный                                                                           | This TV show is <b>boring</b> .                |
| 16 | <b>football</b> <i>noun</i>                                                       | futbol                                                                            | футбол                                                                            | I play <b>football</b> with my friends.        |
| 17 | <b>match</b> <i>noun</i>                                                          | o'yin, musobaqa                                                                   | матч                                                                              | We watched the football <b>match</b> on TV.    |
| 18 | <b>exciting</b> <i>adjective</i>                                                  | hayajonli                                                                         | захватывающий                                                                     | The game was really <b>exciting</b> !          |
| 19 | <b>score</b> <i>noun</i>                                                          | hisob (o'yinda)                                                                   | счёт (в игре)                                                                     | What is the <b>score</b> ?                     |
| 20 | <b>difficult</b> <i>adjective</i>                                                 | qiyin                                                                             | трудный                                                                           | The test was <b>difficult</b> .                |
| 21 | <b>exam</b> <i>noun</i>                                                           | imtihon                                                                           | экзамен                                                                           | I have a maths <b>exam</b> tomorrow.           |
| 22 | <b>study</b> <i>verb</i>                                                          | o'qimoq, o'rganmoq                                                                | учиться                                                                           | I <b>study</b> in the library after school.    |
| 23 | <b>hard</b> <i>adjective</i>                                                      | qiyin, mashaqqatli                                                                | тяжёлый                                                                           | Learning a language is <b>hard</b> work.       |
| 24 | <b>alone</b> <i>adverb</i>                                                        | yolg'iz                                                                           | один                                                                              | My grandmother lives <b>alone</b> .            |
| 25 | <b>classmate</b> <i>noun</i>                                                      | sinf dosh                                                                         | одноклассник                                                                      | My <b>classmates</b> are very friendly.        |
| 26 | <b>short</b> <i>adjective</i>                                                     | qisqa                                                                             | короткий                                                                          | Winter days are <b>short</b> .                 |
| 27 | <b>grandparent</b> <i>noun</i>                                                    | buvi va bobo                                                                      | бабушка и дедушка                                                                 | I love visiting my <b>grandparents</b> .       |
| 28 | <b>lovely</b> <i>adjective</i>                                                    | chiroyli, yoqimli                                                                 | прекрасный                                                                        | You have a <b>lovely</b> smile.                |
| 29 | <b>tired</b> <i>adjective</i>                                                     | charchagan                                                                        | усталый                                                                           | I am <b>tired</b> . I want to sleep.           |
| 30 | <b>happy</b> <i>adjective</i>                                                     | baxtli, xursand                                                                   | счастливый                                                                        | She looks very <b>happy</b> today.             |
