

## New Neighbours

| #  |  |  |  | EXAMPLE                                                    |
|----|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|------------------------------------------------------------|
| 1  | <b>apartment</b> <i>noun</i>                                                      | kvartira                                                                          | квартира                                                                          | We live in a small <b>apartment</b> near the park.         |
| 2  | <b>block</b> <i>noun</i>                                                          | bino                                                                              | жилой дом                                                                         | There are ten floors in our <b>block</b> of flats.         |
| 3  | <b>move in</b> <i>phrasal verb</i>                                                | ko'chib kelmoq                                                                    | переехать (въехать)                                                               | A young couple <b>moved in</b> upstairs last week.         |
| 4  | <b>curious</b> <i>adjective</i>                                                   | qiziquvchan                                                                       | любопытный                                                                        | My little brother is <b>curious</b> about everything.      |
| 5  | <b>knock</b> <i>verb</i>                                                          | eshikni taqillatmoq                                                               | постучать                                                                         | Someone <b>knocked</b> on the door at nine o'clock.        |
| 6  | <b>biscuit</b> <i>noun</i>                                                        | pechene                                                                           | печенье                                                                           | Grandma always has <b>biscuits</b> with her tea.           |
| 7  | <b>welcome</b> <i>interjection</i>                                                | xush kelibsiz                                                                     | добро пожаловать                                                                  | <b>Welcome</b> to our school! I hope you like it here.     |
| 8  | <b>building</b> <i>noun</i>                                                       | bino                                                                              | здание                                                                            | The new school <b>building</b> is very modern.             |
| 9  | <b>open</b> <i>verb</i>                                                           | ochmoq                                                                            | открыть                                                                           | She <b>opened</b> the window because the room was hot.     |
| 10 | <b>smile</b> <i>verb</i>                                                          | tabassum qilmoq                                                                   | улыбнуться                                                                        | The baby <b>smiled</b> when she saw her mother.            |
| 11 | <b>question</b> <i>noun</i>                                                       | savol                                                                             | вопрос                                                                            | The teacher answered all our <b>questions</b> patiently.   |
| 12 | <b>usually</b> <i>adverb</i>                                                      | odatda                                                                            | обычно                                                                            | I <b>usually</b> walk to work, but today I took a taxi.    |
| 13 | <b>free time</b> <i>noun</i>                                                      | bo'sh vaqt                                                                        | свободное время                                                                   | In my <b>free time</b> , I play chess with my dad.         |
| 14 | <b>draw</b> <i>verb</i>                                                           | chizmoq                                                                           | рисовать                                                                          | My sister spends hours <b>drawing</b> flowers and animals. |
| 15 | <b>talented</b> <i>adjective</i>                                                  | iqtdorli                                                                          | талантливый                                                                       | He's a <b>talented</b> singer — everyone loves his voice.  |
| 16 | <b>rarely</b> <i>adverb</i>                                                       | kamdan-kam                                                                        | редко                                                                             | I <b>rarely</b> eat fast food because it isn't healthy.    |
| 17 | <b>artist</b> <i>noun</i>                                                         | rassom                                                                            | художник                                                                          | Many <b>artists</b> sell their paintings in the old city.  |
| 18 | <b>often</b> <i>adverb</i>                                                        | tez-tez                                                                           | часто                                                                             | We <b>often</b> visit our grandparents at the weekend.     |
| 19 | <b>afternoon</b> <i>noun</i>                                                      | tushdan keyin                                                                     | день (после полудня)                                                              | I have English lessons on Monday <b>afternoon</b> .        |
| 20 | <b>tree</b> <i>noun</i>                                                           | daraxt                                                                            | дерево                                                                            | There are lots of old <b>trees</b> in our garden.          |
| 21 | <b>moment</b> <i>noun</i>                                                         | lahza                                                                             | момент                                                                            | Wait a <b>moment</b> , please. I'm coming!                 |
| 22 | <b>kind</b> <i>adjective</i>                                                      | mehribon                                                                          | добрый                                                                            | It was very <b>kind</b> of you to help me.                 |
| 23 | <b>always</b> <i>adverb</i>                                                       | har doim                                                                          | всегда                                                                            | My father <b>always</b> drinks green tea after dinner.     |
| 24 | <b>nervous</b> <i>adjective</i>                                                   | asabiy                                                                            | нервный                                                                           | I always feel <b>nervous</b> before a big exam.            |
| 25 | <b>perfect</b> <i>adjective</i>                                                   | mukammal                                                                          | идеальный                                                                         | The weather was <b>perfect</b> for a picnic.               |
| 26 | <b>favourite</b> <i>adjective</i>                                                 | sevimli                                                                           | любимый                                                                           | Plov is my <b>favourite</b> Uzbek dish.                    |
| 27 | <b>quietly</b> <i>adverb</i>                                                      | jimgina                                                                           | тихо                                                                              | The children read <b>quietly</b> in the library.           |
| 28 | <b>especially</b> <i>adverb</i>                                                   | ayniqsa                                                                           | особенно                                                                          | I love fruit, <b>especially</b> sweet grapes.              |
| 29 | <b>exactly</b> <i>adverb</i>                                                      | aniq                                                                              | точно                                                                             | The film starts at <b>exactly</b> seven o'clock.           |
